Additional information: Selection process for the new school restaurant

Concerning the point 3-4 at the agenda of the Board meeting on the 24/11, School restaurant, the Board received from some parent's questions and requests for clarifications.

The HR committee gathered on the 22/11 in order to open the answers to the first call for tender for the school restaurant. The meeting concluded with a preference for Mama Cuisine for the quality and diversity of the menu. This recommendation was brought to the Board during the meeting on the 24/11, but the Board did not validate and ask for reopening the call for tender to gather more offers and as well requested the committee to consider broader criteria. Following the 2nd call for tender, 3 offers were received. The HR committee gathered one more time and reevaluated the offers with more criteria. This process brought Paloma as the first choice.

Recommendation was presented to the Board who validated.

Accra of January 26th, 2023

The President of the APE
